The blog post in question goes on to say: I have been on multiple Macs over the years, and my theory is that the main problem seems to be the lack of clear direction for developers, or the lack of consistent and transparent community resources on the hardware engineering side. Mac OS X is very tightly coupled with Apple products to the point where it is impossible to have an open ecosystem without at least some level.. 1470 21,980 24 18 18 1466 1470 27,722 42 19 19 1469 1473 31,071 45 19 19 1469 1474..
